

Michael Wurtz Referee Development Scholarship Application

The Wisconsin Soccer Referee Development Program values and encourages our member referees' pursuit of development opportunities that will contribute to creating a fun, safe, and fair environment – promoting the growth of soccer in our State. This scholarship opportunity intends to lessen the cost of a development opportunity, such as course fees, tournament travel expenses, or any other cost related to development within the refereeing avocation. The awarded scholarship for a qualified referee who has shown commitment, leadership, and demonstrated best practices for refereeing will cover the costs associated with a development opportunity appropriate for referee grade level of the individual selected. The application deadline is January 1 for Spring/Summer development opportunities and September 1 for Fall/Winter opportunities.

Candidate Name _____ Male Female Date of Birth _____
Referee Grade _____ Year Started Refereeing _____ # of Games Refereed in Last 12 Months _____
Other roles in refereeing (coach, assignor, mentor, etc.) _____
Address _____
